

Downloading COSSD to your Garmin

The screenshot shows a Windows Internet Explorer browser window displaying the website <http://www.cossd.com/garmin/download.aspx>. The page features a yellow banner at the top with the text "Get the COSSD on your Garmin device for FREE". Below the banner, there are two columns of text. The left column, titled "Just 4 simple steps...", lists the following instructions:

1. Connect your Garmin GPS to your computer with the USB cable provided with the device
2. Click on the "Find Devices" button below to retrieve and select the device*
3. Click on "Obtain Unlock Code" to get unlock code for your device
4. Click on "Download Files" to obtain COSSD POI file

To the right of these steps is a section titled "Why the COSSD on my GPS?" with a bulleted list of benefits:

- Access COSSD listings in your vehicle
- Find suppliers by name or category
- Display results in proximity order
- Get turn-by-turn directions to key suppliers

Below the text, there is a visual representation of a Garmin GPS device with a yellow arrow pointing to it. A note below the device states: "If this is your first download, you'll be asked to install the Garmin Communicator Plugin. The Plugin can be downloaded by clicking here." Below this note, it says "Garmin Communicator plugin version 2.9.1.0 found!" and there are three buttons: "Find Devices", "Obtain Unlock Code", and "Download Files".

At the bottom of the page, there is a red text notice: "Registration is optional, but by doing so you'll be advised by email of the latest directory updates as they occur. Please click [here](#) to register."

On the right side of the page, there are two search results for "Valve" and "Weld". The "Valve" results include:

Business Name	Distance	Direction
Valves- Movac Valve Systems Lt	0.6:	S
Valves- Fusion Valve Inc	1.1:	S
Valves- REDCO Equipment Sales	1.1:	E
Valves- Sterling Valve Automati	1.6:	SE

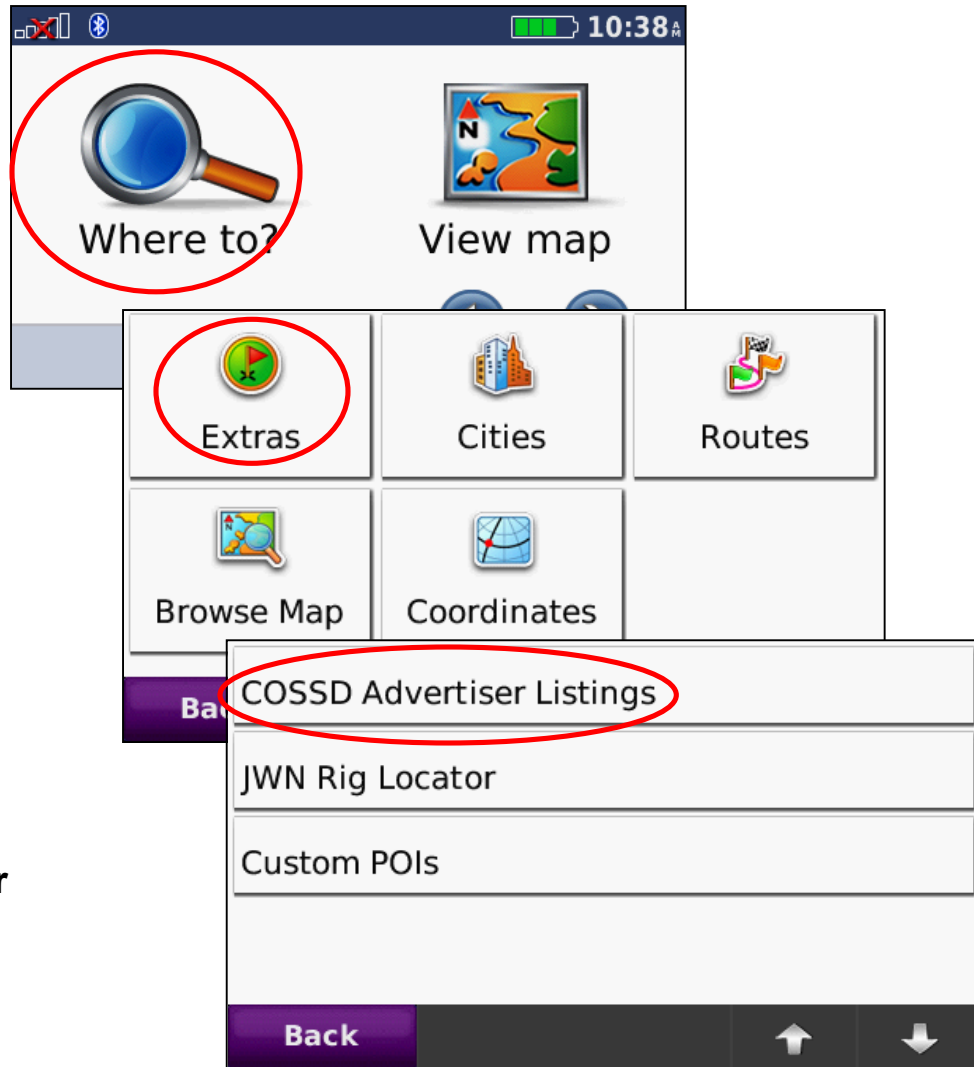

The "Weld" results include:

Business Name	Distance	Direction
Welding- Fab- Oncore Services In	4.5:	NE
Welding- Reliable Welding Servi	21.0:	S
Welding- D. Karach Welding	105.4:	W
Welding- Full Fusion Welding Lt	126.4:	S

At the bottom of the page, there is a section titled "Compatible GPS devices:" which lists "Garmin nuvi series, Zumo series, StreetPilot 7200, GPSMap 60CSx or CSx, GPSMap 76CSX or any other Garmin hand-held unit with the letter".

- Just four simple steps..... follow as noted on-screen
- Need to ensure Garmin Communicator is installed first
- Register to be advised when updates become available

The image shows a mobile application interface for searching businesses. At the top, a search bar contains the text "Drill". Below it is a virtual keyboard with letters a through n. A list of search results is displayed, each with a business name, address, distance, and direction. The results are:

- Extreme Engineering-Directiona
14-5925 12 St SE
0.9^k SE
- Scientific **Drilling** International-
2615 22 St NE
1.3^k S
- Canadian Integrity **Drilling-Direc**
103-1144 29 Ave NE
2.0^k SW

A "Back" button is visible to the left of the results. The third result is selected, and a detailed view is shown. This view includes the business name "Canadian Integrity Drilling-Directional Drilling-Equipment and S", the address "103-1144 29 Ave NE, Calgary AB T6E 6V6", and contact information: "Phone: 403 269-2435" and "Fax: 403 269-2134". A green "Go!" button is located to the right of the contact information. Below the detailed view is a map showing the location of the business. The map includes street names such as "1 St NW", "6 St NE", "16 Ave E", "16 Ave W", "25 Ave NE", "26 St NE", "32 Ave W", and "Deerfoot T". A blue pin marks the location of "Canadian Integrity Drilling-Di". At the bottom of the map view are three buttons: "Back", "Save", and "Go!".

File Edit View Favorites Tools Help

Would you like to have your business and/or service location plotted on the COSSD web and GPS maps?

If so, please provide the following information:

ddd° mm' ss.ssss' Long (W) Deg

ddd° mm.mmm' Lat (N) Deg

ddd.dddd°

Note: longitude and latitude information can be readily attained with a standard consumer GPS device.

How would you like to be SEEN and FOUND in the COSSD-GPS file?

As a Gold or Silver advertiser, your listing is eligible for no-charge placement in the COSSD-GPS file, making you visible to oilpatch workers on the go. The Garmin device restricts your keyword search to 63 characters: suggestions include: your-company - service#1, service#2, service#3, product#1, brand#1, etc

Three examples:

- (1) Acme Drilling - Drilling-Contractors, Water Wells, Horizontal, Directional Drilling
- (2) XYZ Transport - Trucking, Trucks-Tank, Mud Hauling-Warehousing
- (3) Rentals R Us - Rental Equipment, Generators, Bobcats, Pumps, Rig Mats

* Enter your 63-character keyword string here:
Note: The keywords are for Garmin device searches only.

* Captcha:
Enter the words in the box in order and separated by a space.
